The Center for Corporate & Community Education has teamed with Proactive Technologies, Inc. to provide PROTECH©. This is a state-of-the-art workforce development program and support system. Perfect for process improvement, team concepts, apprenticeship programs, vendor training and qualifications programs, along with ISO and QS quality assurance processes. Programs are tailored entirely to the client's needs and can be designed to lead to an Ohio State University "Certificate of Job Mastery".

The PROTECH© System of managed workforce development includes:

- Comprehensive job-task-analysis
- Hiring materials: job descriptions and job profile analysis
- Pre-hiring assessments
- On-the-job training plans and outlines
- On-the-job certification materials
- Technical procedure manuals
- Other workforce development and tracking applications
